You can count on us!

For 100 years, youth hostels have embodied values that make life richer. Hostels are for all those who go through life open-mindedly, who want to experience togetherness and who actively approach others, who are courageous, even adventurous at times. Because young people don’t need a corset if they’ve got a backbone of their own. The only time they twist and bend is for sports or with laughter. They are people who live a life worth living, worth envying, and they make more of it.

Location & Directions

Bad Urach Youth Hostel is situated below the ruins of Hohenurach Castle, on the way to the Urach waterfall, surrounded by woods and meadows.

Environmental|Hostels

Environmental|Hostels are based on a model that strives towards environmentally friendly, socially responsible and sustainable development at all levels. These include the following:

- Efficient energy use
- Education programmes
- Healthy eating: about 30% of our products are organic.

Enjoy your meal

The greater the variety, the more yummy it is. We are happy to satisfy individual guest wishes. According to prior agreement, we are prepared to adjust to vegetarian and religious conditioned food and offer special meals for sportsmen and seminar attendees.

For day trips we are happy to provide you with a lunch package and a hot dinner in the evening. For reasons of environmental protection, we kindly ask you to bring a appropriate lunch box for the packed lunch.
