## Welcome to FRIEDRICHSHAFEN

### You can count on us!

For 100 years, youth hostels have embodied values that make life richer. Hostels are for all those who go through life open-mindedly, who want to experience togetherness and who actively approach others, who are courageous, even adventurous at times. Because young people don't need a corset if they've got a backbone of their own. The only time they twist and bend is for sports or with laughter. They are people who live a life worth living, worth envying, and they make more of it.

### Portrait

A transportation hub for planes, trains, ships and zeppelins, Friedrichshafen is the ideal starting point for excursions in the region. Ever dreamed of floating through the air in a zeppelin? Friedrichshafen is known as the birthplace of the zeppelin airship. The Zeppelin Museum houses the world's largest collection on aviation history and combines technology with art. Just fancy a stroll? The promenade in Friedrichshafen is one of the longest and most beautiful on Lake Constance. Lakeside view guaranteed.
