## DESSAU-ROSSLAU – THE “BAUHAUS”-CITY

Dessau-Roßlau is a twin city and one of the biggest in Saxony-Anhalt. Dessau-Roßlau is located in the middle of an extensive floodplain directly on the Elbe River. The „Bauhaus“ City is world-famous for its “Bauhaus” Building and its “Masters’ Houses” of Walther Gropius (you can find his impressive architecture all around the world).

The technical museum of „Hugo Junkers“, birthplace of aviation and the Garden Realm Dessau-Wörlitz welcomes you as well. The “Bauhaus” Building together with the “Masters’ House” in Dessau and the Garden Realm Dessau-Wörlitz are adapted to the UNESCO list of World Cultural Heritage.

The excellent transport connection makes Dessau popular for foreign group tours. You reach Magdeburg, Leipzig, Halle and Berlin in just one hour and so you can diversify your stay or seminar.

## OUR YOUTH HOSTEL

Opened in 2007, our hostel lies on the edge of a city wood in a leafy district of Dessau. Not far from downtown Dessau and the Masters' Houses, our house offers you a conveniently located and modern place to stay. Those who are interested in sports, our Beach Volleyball court, a large field for sports and games, table tennis, billiards and our disco are available. ## THE FOLLOWING ARE SOME MODULES FOR YOUR INDIVIDUAL JOURNEY

**IT IS ALL ABOUT "BAUHAUS".** Designed by Walter Gropius the Bauhaus building is known worldwide as a part of the UNESCO world heritage. It is considered a „built manifesto of the Bauhaus ideas.“ Kandinsky, Klee, Feininger and other famous artists inhabited the “Masters’ Houses”, which are belong to the most important modern buildings. And at least you will visit the settlement “Dessau-Törten”, which was built by Gropius too and was home for the other artists and students in the 20th and 30th of the last century. Have a look at the complete Bauhaus architecture in one day.

**WATER PARK "WOLIDAY" & "MOVIE PARK WOLFEN".** Enjoy this day trip and visit the largest water park in the region and the famous movie park in Wolfen, where the first color film was produced. Learn something about film production.

**"HUGO JUNKERS".** The Technology Museum offers almost everything about the aviation pioneer Hugo Junkers and it is in possession of many gems such as the famous “JU 52”, the most important type of aircraft in history of aviation.

**CANOEING ON THE ELBE RIVER.** Discover a fantastic landscape on and along the Elberiver and have a good time in our great nature. You can combine the day trip with a bike tour.

**FEDERAL ENVIRONMENT AGENCY (UMWELTBUNDESAMT).** Visit the unique “Umweltbundesamt” and see a building in shape and style. It was built under ecological aspects and is the central office of the German environment agency.

**TOUR TO LUTHERSTADT WITTENBERG AND THE GARDEN REALM DESSAU-WÖRLITZ.** Have a great tour to the world heritages of UNESCO. Visiting the “Lutherstadt” you will get great insights to the place where the Reformation started. The protestant world was celebrating 500 years of Reformation in 2017 and you can see the door where Martin Luther posted his theses, the city church, the castle church, the marketplace and the Luther house with the biggest museum of reformation worldwide. Combine your Daytrip with the “Garden Realm Dessau-Wörlitz”. The unique flora of the first English garden will inspire you.
